WELCOME

to the Hairdressing Department  
at North Kent College

Everyone deserves to wear their hair with pride, so why not do it locally for much less than you would pay in a high street salon?

Not only will you leave feeling relaxed and looking your best, but you'll also enjoy great value for money.

We open most weekdays and on selected evenings to offer a comprehensive range of hairdressing and beauty therapy treatments to the general public.

Our students provide all of the services as part of their training. They work under the supervision of their lecturers to gain valuable experience in a real salon environment.

# LEARNER LEVELS EXPLAINED

Our **Level 2** hairdressing students are intermediate level students, with a solid foundation of knowledge and practical hairdressing experience within the Salon environment.

**Level 3** learners have completed level 2 and have developed the skills and knowledge to progress onto an advanced level of training.

In addition to their college training, they must engage in work experience each week. This helps develop their professional skills and ensures they gain a diverse set of advanced abilities across various industry settings.

Students are taught to the highest level of technical and practical ability at the College and are encouraged to be independent within the salon environment.
